## PLUNGED KNIFE INTO HIS BACK

Commander of Port of St.  
Petersburg Slain at the  
Admiralty Works.

Refused Workmen a Holiday and is  
Stabbed to Death, His Murderer  
Escaping in the Crowd, and Will  
Probably Never be Discovered.

St. Petersburg.—Vice Admiral Kuz-  
mich, commander of the port, who  
was very unpopular with the work-  
men, was assassinated here Monday  
by workmen whose May day demon-  
stration he had attempted to stop.

The admiral was killed at the new  
admiralty works, a government insti-  
tution where most of the 2,000 men  
employed there reported for the duty  
at 5 o'clock. They wanted immedi-  
ately to march out in a body and ce-  
lebrate the Russian May day, but finally  
agreed to work until 2 o'clock in the  
afternoon. The admiral, however,  
made a speech to the men saying that  
he could not agree to their leaving  
work at 2 o'clock, and the matter was  
left open.

At about 9:30 a. m., according to an  
officer who was at the gate of the  
works, the admiral was emerging from  
a small shop in the works when a  
workman who had been concealed  
around the corner of the building  
leaped on Kuzmich from behind and  
drove a long dagger into his back.  
The admiral fell forward on his face,  
which was badly cut by stones, and  
died immediately. The assassin fled  
into a large forge where he was lost  
among the men employed there. The  
works were promptly surrounded by  
troops and police, but the search for  
the murderer was unavailing, his com-  
rades professing ignorance of his iden-  
tity.

## BLOODSHED AT WARSAW.

Police Captain, Long Marked for  
Death, Assassinated.

Warsaw.—While Police Captain  
Constantinoff was standing in Mars-  
zalkowska street with two policemen  
and four soldiers, a young man threw  
a bomb into the group. The explosion  
of the bomb literally tore Captain  
Constantinoff to pieces and severely  
wounded a policeman and six other  
persons. The assassin tried to escape  
and, firing his revolver, wounded a  
soldier. The other soldiers replied  
with a volley, killing the assassin and  
two other persons. The soldiers then  
attacked the people who had gathered,  
with their bayonets and the butts of  
their guns, wounding eleven persons,  
making a total of four killed and nine-  
teen wounded.

The terrorists have sought Captain  
Constantinoff's life since May day of  
last year, when he ordered the sol-  
diers to fire on a procession of social-  
ists, causing the death of thirty per-  
sons.

## Misery in Refugee Camps.

San Francisco.—The cold, disagree-  
able rain which fell all Monday created  
much misery among the refugee  
camps and even caused considerable  
annoyance to householders who were  
cooking in the street. Though it is  
the middle of May and rain is very  
unusual at this period, the ashes  
which drifted into the sky during the  
three days of the conflagration are be-  
lieved to have concentrated sufficient  
moisture to cause many drizzles for  
some time to come. It is most unfor-  
tunate at this particular time when a  
third of San Francisco's population is  
camping.

## Young Italian Woman's Crime.

New York.—The trial of Josephine  
Terranova, an Italian girl, 17 years  
of age, for the murder of her uncle,  
Gaetano Reggio, and his wife in their  
home in this city last February, has  
begun. The case is one of the most  
extraordinary to come before a New  
York jury in a long time. Mrs. Ter-  
ranova has confessed that she stabbed  
her uncle and aunt to death, but de-  
clares that she was impelled to do it  
by a great wrong done to her by her  
uncle in which she declares he was  
aided by her aunt.

## Revolt Story of Barbarity Comes From Macedonia.

London.—A revolting story of Mace-  
donian barbarity is related by the  
Veinna correspondent of the Daily Tel-  
egraph. In a recent conflict between  
Turkish troops and a band of Greeks  
in the village of Monastir fourteen  
Greeks were killed. After the fight  
the Turkish commander refused to al-  
low the Greeks to bury their dead, and  
when the Turks had withdrawn, a Bul-  
garian band appeared with a number  
of dogs, which devoured the bodies.

## PULAJANES ARE AGAIN ON THE WARPATH

War of Extirmination Will Soon be  
Made Against the Mauding  
Bands of Natives.

Manila.—The following dispatch has  
been received from Acting Governor  
Cinco of the island of Samar:

A band of twenty-four Pulajanes,  
having five rifles and other weapons,  
entered Inabanga by the Barrio  
Wright (Wright Ward), named in  
honor of former Governor General  
Wright, killing one and wounding  
seven residents, burning and looting  
thirty-six houses and taking over  
twenty residents prisoners. Troops,  
constabulary, policemen and volun-  
teers are pursuing the band.

George Curry, the governor of Sa-  
mar, who is here on his way to Baguio,  
province of Benguet, the summer ca-  
pital, to consult with Governor General  
Ide, says that all the presidents of  
Samar will shortly call on the gover-  
nor general and endorse the policy of  
extermination of the rebellious natives,  
which is supported by the peaceful in-  
habitants of Samar.

## RIOTING IN ZION CITY.

Free Fight During a Meeting of the  
Dowie Faction.

Chicago.—A meeting over which  
John Alexander Dowie presided at  
Zion City Sunday afternoon was broken  
up by a number of followers of the  
opposing faction, assisted by several  
outsiders, and before the crowd dis-  
persed a free fight occurred. Dowie  
was addressing the audience, number-  
ing 600, and made the statement that  
the overseers of the Voliva faction  
were thieves and robbers. At once a  
number of those in the audience were  
on their feet, shouting: "No, no; you  
are the robber. Why don't you pay  
your debts?" The disturbance became  
so violent that a Zion guard was sent  
to restore order. After the meeting  
the fight occurred, in which no one  
was seriously injured, however.

## WILL PRESERVE THE PEACE.

American Warships Once More Called  
Upon to Prevent Trouble in  
Santo Domingo.

Washington.—Reports have reached  
the state department of the organiza-  
tion of another revolutionary move-  
ment directed against the government  
of President Caceres of Santo Dom-  
ingo. It is understood that the island  
of Porto Rico is the base of operations  
and it is supposed that ex-Presidents  
Morales and Jimenez are the leaders  
of the movement. Instructions have  
been sent to the insular governor of  
Porto Rico to take steps to carry out  
the neutrality laws, which would pre-  
vent the organization and departure of  
any hostile expedition, and the Ameri-  
can warships surrounding the island  
of Santo Domingo will also be instructed  
to prevent any landing of hostile  
forces.

American warships have been or-  
dered to co-operate in preserving neu-  
trality.

## Six Persons Injured While Spinning Around Omaha.

Omaha.—A large steam automobile  
containing six persons blew up Sunday  
at Twenty-ninth and Farnam streets.  
All of the occupants were injured, but  
none fatally. The force of the explo-  
sion hurled some of the victims fifty  
feet and broke windows a block away,  
while pieces of the machine were  
blown two blocks away. The most se-  
riously injured are the chauffeur, Robert  
Forbes, and James Hawkins, con-  
tracting agent for the Rock Island rail-  
road.

## Great Mogul Visits This Country.

New York.—The Maharajah Gaek-  
war of Baroda, accompanied by his  
wife and his brother, Sampatras, land-  
ed Sunday from the steamer Celtic,  
which arrived from Liverpool. The  
Maharajah Gaekwar is the second  
greatest prince in all India and the di-  
rect descendant of one of the Mahat-  
ra generals who were the moguls or  
rulers of India when the East India  
company wrested control from them.  
He is the ruler of the state of Baroda,  
which has a population of 2,000,000  
and an area of 8,000 square miles.

## Settled After Half a Century.

Kansas City.—By a decision ren-  
dered by the Kansas supreme court,  
property located just over the Mis-  
souri state line here and running to  
points on the Kaw river, valued at be-  
tween \$1,500,000 and \$2,000,000, was  
awarded to the heirs of original own-  
ers. Much of the property, which is  
in what is known as the west bottoms,  
is occupied by big business concerns,  
who must vacate or purchase the land.  
The case in various phases has been  
in the courts for half a century.

## SULTAN AGAIN FORCED TO YIELD

Diplomacy, Backed by War-  
ships, Changes Attitude  
of "Sick Man."

Turks Agree to Evacuate Tabah and  
Other Egyptian Territory Which  
Has Been Occupied by the  
Sultan's Troops.

Constantinople.—The Turkish gov-  
ernment has accepted the demands of  
Great Britain in regard to the Tabah  
boundary question.

The change in the sultan's attitude  
must have taken place very late Sat-  
urday night or early Sunday, for the  
grand vizier's visit to the British am-  
bassador, Sir Nicholas R. O'Connor, at  
11 o'clock Saturday night, had no im-  
mediate result except to emphasize  
the fact that the attempts of Turkey  
to arrange a compromise were use-  
less. The grand vizier's proposals  
were unaccepted, as were those of  
Tewfik Pasha, the foreign minister, on  
the previous day, and Sir Nicholas  
again pointed out the futility of sug-  
gesting modifications of the British  
demands which constituted the abso-  
lute minimum.

The Turkish government has agreed to  
evacuate Tabah and all other places  
in Egyptian territory which have been  
occupied by the sultan's troops.

## Compliance Means That the Turk Has Lost His Footing in Egypt.

London.—According to special dis-  
patches from Constantinople, the  
porte's reply to the British note prom-  
ised to restore the status quo on the  
Sinai peninsula and the delimitation  
of the frontier by Turkish and Egyp-  
tian officials now on the spot. Sir  
Nicholas O'Connor, the British am-  
bassador to Turkey, insists on the de-  
limitation by an Anglo-Turkish com-  
mission. This is the demand the sul-  
tan is trying to evade, as it would ac-  
knowledge Great Britain's protectorate  
over Egypt and the severance of the  
Egyptian Ottoman empire, while the  
sultan wishes to maintain before the  
world that Egypt still is a portion of  
his empire.

## DECAYED BODY IN TRUNK.

Evidence of a Foul Murder Committed  
in Germany.

Frankfort-on-the-Main, Germany.—  
Details of a mysterious and revolting  
tragedy by which Wilhelm Meyer and  
a woman named Christiana were ar-  
rested on the arrival of the Hamburg-  
American line steamer Graf Walder-  
see at New York, has been revealed.  
Meyer came to Frankfort April 24 and  
left a trunk and other baggage with  
an express company, saying that the  
trunk contained clothing and that he  
wanted it kept for three months, as  
he was going abroad. The trunk was  
finally opened by the police and found  
to contain the half decayed body of an  
aged woman covered with chloride of  
lime. The body turned out to be that  
of a Mrs. Vogel of Wildungen, in the  
principality of Waldeck, who had been  
missing since the disappearance of  
Meyer from that place. She came  
from San Francisco to Wildungen  
with Meyer two years ago. The lat-  
ter is a furniture dealer, 31 years of  
age, and born in Germany. Mrs. Vo-  
gel was reputed to have been very  
rich. Lately she quarreled with  
Meyer and asked for police protec-  
tion. The murder was committed by  
strangulation.

Meyer, when arrested in New York,  
denied complicity in the crime, and  
refused to talk about himself.

## New York Hearse Drivers Return to Their Work.

New York.—More than 200 funerals  
were held in Greater New York Sun-  
day, the 1,500 union funeral drivers  
who struck last week having returned  
to work. An amicable adjustment of  
the differences between the drivers  
and the Funeral Coach Owners' as-  
sociation was arrived at early in the  
morning. The drivers won their fight,  
securing shorter hours, a \$2 increase  
in weekly salary and recognition of  
their union.

## Argentine Congress in Session.

Buenos Ayres.—President Figueroa  
Alcorta opened congress here Sat-  
urday. In his message he said a bill  
would be submitted to congress grant-  
ing amnesty to those persons convict-  
ed of participation in the revolt of  
February, 1905. President Alcorta  
said that Argentina would support the  
congresses of Rio Janeiro and The  
Hague and he would aid the Pan-Am-  
erican congress at Rio Janeiro in its en-  
deavor to cement the basis of friend-  
ship between the nations of America.

## MORE VICTIMS OF DISASTER.

Three Girls Known to Have Been  
Burned to Death.

San Francisco.—The fact that three  
girls perished in the ruins of Frost's  
bakery on Sixth street as a result of  
the earthquake and fire, was estab-  
lished Tuesday. Some time ago the  
charred remains of a girl named Bock  
were taken from the ashes of the  
place by her father, William Burmes-  
ter searched among the ruins for  
traces of the remains of his sister,  
who had been missing since April 18.  
The girl wore a peculiar ring upon  
which was engraved the letter "A."  
The brother found this ring, some hu-  
man teeth and bones. A third girl  
named Allen who was employed in the  
bakery has not been seen since April  
17. The three young women because they  
were required to begin their duties at  
a very early hour in the morning. It  
is believed that they were either  
killed outright in the wreck of the  
building or were pinned down and later  
burned to death.

## LEFT HER FOR DEAD.

Mississippi Mob Maltreats a Woman  
Accused of Murder.

Okolona, Miss.—Mrs. Hattie McIn-  
tosh, a white woman who was recent-  
ly arrested charged with complicity  
in the murder of her husband and who  
gave bond, reported to the officers at  
Okolona that a number of men visited  
her house, took her to a tree and  
threatened to hang her unless she re-  
vealed her alleged accomplices in the  
murder. Mrs. McIntosh declined to  
talk, whereupon she was strung up for  
several seconds. Upon being lowered  
to the ground she still refused to an-  
swer questions, after which she de-  
clared she was strung up a second  
time, and when the rope was taken  
from her neck she heard her assail-  
ants announce that she was dead.  
Her body was carried into the woods  
and left there. The woman said she  
revived and immediately came here  
to tell her story.

## MANY CRIMES CHARGED.

Standard Oil Inquiry Brings Out Sen-  
sational Testimony.

Chicago.—The investigation of the  
interstate commerce commission into  
the relations between the Standard  
Oil company and the railroads was  
concluded Saturday afternoon, as far  
as this section of the country is con-  
cerned, and will be resumed in Cleve-  
land May 24. F. S. Hibbs of Peoria,  
who was for thirteen years in the em-  
ploy of the Standard Oil company, was  
the star witness of the day. He demon-  
strated how the agents of the oil  
company were accustomed to trick  
customers into thinking that the prod-  
uct of their company was superior,  
when in fact it was inferior, to the  
product of the independent companies.  
He gave the names of men whom he  
had bribed to give information of the  
business of competitors, and on cross-  
examination declared "The Standard  
Oil company is doing all of these  
things today."

## Students and Circus Men Fight.

Columbia, Mo.—Maynard M. Doll, a  
State university student, was shot and  
perhaps fatally wounded, and several  
others were injured in a fight with  
employees of a circus here. Doll re-  
ceived a bullet in the back of the  
head. The wounded students were  
taken to a hospital here. Fifteen re-  
ceived medical attention.

When it became known that many  
students had been injured, a general  
riot was threatened. The mayor ad-  
dressed the students, pleading with  
them to avoid further trouble. The  
mayor offered his services as a nurse  
in assisting the doctors to care for the  
injured.

Two students and at least one of the  
showmen were shot. A number of  
combatants on both sides were  
stabbed and clubbed.

## NOTED SHOPLIFTER.

Famous Dancer of Paris is Convicted  
With Husband.

London.—Madame Fougere, the fa-  
mous Parisian dancer, and her hus-  
band, Albert Girod, a French actor,  
who were convicted at the Clerkenwell  
sessions on the charge of shoplifting  
in London drapery stores, were admit-  
ted to bail Friday until the next ses-  
sions, the judge deciding that he  
could not sentence them until they had  
been tried on other and similar counts  
of the indictment.

## Brings Out New Hot Springs.

Butte.—George Breck, superintendent  
of the Park Transportation com-  
pany, who was in Butte a few days  
ago, is authority for the statement  
that the only new phenomenon in the  
Yellowstone park, in consequence of  
recent seismic disturbances, was a  
small geyser, or hot spring, which  
broke out about the time of the San  
Francisco earthquake. New hot  
springs are reported in this region  
every year, and this late flow may be  
without significance.
